

IN THE ABSTRACT: Line 1, ~~cancel~~, "A method for controlling," and
insert - - An interactive foodstuff emits- - therefor;
Line 2, ~~delete~~, "generating means,"; and
Line 4, ~~delete~~, "foodstuffs is described," and insert - -the
foodstuff- -therefor.

IN THE CLAIMS:

1. (Once amended) A foodstuff holding device that produces
[sounds] different effects based upon [interactions] manipulation
thereof [therewith], said holding device comprising: a rigid
housing assembly having means for holding foodstuff: a foodstuff
member removably secured to said rigid housing; output means for
producing [sound] at least one of the group consisting of sound,
light, movement, vibration, electrical stimulation or odor
generation, said output means being supported by said housing
assembly; a power supply for energizing said output means, said
power supply being electrically coupled to said output means; and
a control means for regulating [said sound of] said output means [,
said control means operatively joining said foodstuff with said
output means; whereby] for altering said at least one of said group
consisting of sound, light, movement, vibration, electrical
stimulation or odor generation of said output means [is governed]
by physical [characteristics of] interaction with said foodstuff
holding device wherein [changes in said physical characteristics
